Supplemental Key:

**LTØ—Laboratory Tested (LT) for common pesticides. None Detected (ND = Ø, < 1 ppb {below 1 part per billion})**

(Replaced by local, certified organic sources as they become available within our growers network.)

These are the best quality TCM herbs available from Chinese sources.

**CITES—[The Commission on International Traffic in Endangered Species](#) has listed these species as endangered, and prohibited their trade in international commerce. KW has either acquired or is exploring substitutes for these herbs.**

**Endangered—Listed as an endangered species, occurs only within the United States.**

**KW has either acquired or is exploring substitutes for these herbs.**

**FDA—The US Food & Drug Administration has banned the importation of these herbs.**

Take me to the beginning of the herb list.
